

Austin M. Elliott

EXPERIENCE

UNITED STATES

ALL 50 STATES

Comprehensive domestic coverage achieved through a combination of road trips, stubbornness, and a genuine curiosity about what Oklahoma looks like.

- Visited all 50 states; final acquisition: Hawaii, delayed several years due to cost. Most logistically complex: Oklahoma.
- Executed road trips to Maine, Florida, Texas, and Montana - accumulating an estimated 100,000+ lifetime road trip miles.
- Demonstrated consistent budget discipline by substituting hotel accommodations with campgrounds, national forest pull-offs, and Walmart parking lots, achieving a cost-per-night frequently approaching \$0.
- Visited 27 of 62 designated U.S. National Parks (43.5% completion rate); project ongoing.
- Once visited all five Great Lakes in a single 5-day trip.

CANADA

7 PROVINCES

- Covered 7 of 13 provinces and territories.
- Identified Prince Edward Island as the standout deliverable: small, remote, and only reachable by bridge or ferry, which is exactly the kind of inconvenience that makes a trip worth taking.
- Crossed into Nova Scotia by footbridge.
- Family ties to Alberta provide an unofficial regional advantage.

INTERNATIONAL

13 COUNTRIES

- Traveled independently across 13 countries spanning North America, Central America, and Europe.
- Traveled to Bosnia & Herzegovina independently; required locating it on a map first.
Visited Guatemala and survived a 3-hour van ride that suggested local traffic laws are more of a suggestion.

SKILLS & COMPETENCIES

Navigation: *Road atlas literacy, offline maps, asking locals, educated guessing*

Accommodation: *Campground booking, dispersed camping, car sleeping, parking lot risk assessment*

Budget Management: *Fuel optimization, cooler-based meal planning, finding free things to do everywhere*

Languages: *English (fluent), enough Spanish to order food and apologize*

Vehicle Operations: *Long-haul highway driving*

Passport available upon request. Also real resume and references upon request.
